As per telecon earlier this morning, I am faxing to confirm the hire for the above production.

3 x 2kW effects projectors

3 x Low floor stands for the above

1 x VSF90 Stormy Cloud moving effect

2 x 3 1/4" slide carriers for E.P.

3 x 4" Dallmeyer (spelling!?) lens

We would like the above to be at the Old Athenaeum Theatre (179 Buchanan Street, Glasgow) available for us to use from 9am on Sunday 14 December.

We would be finished with the equipment after the evening performance on Saturday 20 December, after which the equipment may be collected.

If you can confirm to me the total hire charge, I will arrange for a cheque to cover the amount to be with you by Friday 12 December. I can't be faxed back as I'm not using my own fax machine!

Please advise if there are any problems by calling me on my mobile (number on header sheet).

Thanks for your time.
